Assistant Secretary's

Note on the Plague Commissioner's letter no 1934 dated the 8th November 1900 - (Serial no 19)

Submitted to the Hon'ble Councillors -

The President has made this application for Rs 5000/- from Plague funds for improving Rampoinpude, as his application for a loan of that amount from Govt was not sanctioned (G.O no 1015 & 23.7.00 in the 7262-96 file) The Plague Commissioner has sent the Deputy Commissioner's application for -

for such orders as the Govt may be pleased to pass as at the time the Estimate was framed for the current year was sanctioned the large expenditure was not anticipated

Subd to the Offg Coroner

The Corporation of Bombay have asked for Rs 5000/- for improving Vrangadhu: has become infected with plague.

A loan of this amount asked for by the Municipality was refused in the existing state of the finances.

The Corporation then applied to the Plague Loan. That Officer has taken the matter to task stating that this item was not included in the Budget of the Plague Dept for the current year.

Funds seem urgently required for the improvement of the town.

23/11/98

If neither the Member in charge of Civil Dept nor the Commissioner in charge of Mill Tax can suggest what should be done I will endeavour to dispose of the proposal after Head of Com's letter on above

No. 11272-74 & R.P. 176-94 the 26th February 01 observing "that no grant from Plague funds is possible for improving the Nanpinguda town, and that if the Municipality cannot at once find the ways and means for carrying out the proposed improvements, they must be gradually effected out of its funds available annually and that extra taxation must be recorded to" (Please see Serial No. 22)

e Offg. Dewan

pas.

The President now reports in his letter No. 339 dated the 24th October 1902 that the income of the Municipality is Rs 6,030/- and that the balance of Rs 1510 after deducting Rs 2033 payable to Govt for in liquidation of the debt incurred for the

Flag A

drainage works Rs 2322 for conservancy charges, Rs 465 for lighting and Rs 500/- for conction, is barely sufficient to repair the roads annually and that in its present financial condition the Municipality is not able to improve the town even bit by bit In these circumstances tentatively for one year he solicits sanction to the Boards' proposal to levy tolls on carts entering the city Municipal limits at the rates sanctioned for the Davangere Municipality, For he the proposes to have the Collection made by Departmental agency. For this purpose he proposes to open three toll gates and to attach a Manager and a peon on Rs 7 and 6 respectively to each out-post, entrusting to these officials the work of collecting octroi duty and doing away with the present octroi establishment of a manager on 7 and a peon on 6 Thus the net

In laden — 2 as
Laden — 2 as

additional charge accruing to the Municipality will be Rs 312 per annum as per President's report

Call for information about the difference between the Budget grant & the Sate actually entertains for the collection of octroi & the amount likely to be realized by the levy of tolls.

6/11/1902

The above enquiry was made in docket no 6973 dated the 7 November 1902.

The President states, in reply, that the statement made in his previous letter regarding the existing establishment for collection of octroi duty is incorrect and that at present there is a Mutsaddi on Rs 8/- and two peons on Rs 5/- each a month consistently with the Budget provision. In addition to this the President proposes to entertain three Mutsaddies on Rs 7/- each.

Ltr no 611 dt 27.1.03 Fleet

on Rs 6/- each a month to look after toll collections to which the additional cost involved is Rs 668/- a year. The President adds that the realizations by the levy of tolls is estimated by the Vice-President at Rs 1000/-

Submitted for orders as to whether the levy of tolls on carts entering the town of Ranjangaon from outside at the rate of 2 annas for carts laden with goods and one anna for empty carts be sanctioned as proposed by the Board with the proviso that no further toll should be levied for any entry within twenty four hours. It is however respectfully submitted that the proposed establishment, the cost of which is nearly 50 per cent of the estimated income, is rather unusually heavy, the maximum establishment charge allowed for collecting Octroi duty being only 10 per cent of the realizations and that Govt recently declined to sanction the substitution of Tolls for Octroi in Hanchar. Please see P/5000 Executive Memo C 10 11568/R-340-98 of 10/2/03, wherein it is stated (Flag D in linked file) that the proposal to levy tolls was

may

not lie over pending the passing of the new Municipal Regulation

In reply to the enquiry made as per 2nd Councillor's direction whether the President's proposal to levy tolls in Nanjangud is in addition to the octroi duty or in lieu of it the President states that the income under octroi duty is Rs 3455 whereas that estimated under tolls is only Rs 1000/-. Consequently it cannot be understood that the levy of tolls is in lieu of the Octroi duty, and that the present financial condition of the Nanjangud Municipal Board being unsatisfactory the levy of tolls is proposed to augment the present income (vide letter No. 2514 dt 21.4.'03)

No. 339

Enclosure 1 to

Mysore deputy Commissioner's office,
Local and Municipal Boards, Branch
Dated 24th October 1902,

To

H. V. Vanjundayya Esquire, M.A, M.L,
Secretary to
The Government of Mysore
Revenue and General departments,

Sir,

I have the honor to state that the income of the Nanjangud Municipality amounts to Rs 6,830 per annum. Out of it, Rs 2,313 are paid to Government in liquidation of the debt incurred by the Municipality, for water supply and drainage works, Rs 2322 are spent for Conservancy charges, Rs 465 for lighting, and Rs 511 for education. The balance, viz, Rs 1,510 is hardly sufficient to repair the roads annually. Under the existing financial condition of the Board I think it is not possible

even to improve bit by bit the sanitary condition of the town as proposed in this office letter No. 872 of the 25th October 1900 to the Plague Commissioner. When an application for a loan for effecting certain sanitary improvements was made to Government, they were pleased to order in their Proceedings No. 1272-74 of the 26th February 1901 that "if the Municipality cannot at once find the ways and means for carrying out the proposed improvements, they must be gradually effected and out of its funds, annually. Extra taxation must be resorted to." It has been stated above that the improvements of the town cannot be effected with the present means of the Municipality. Therefore the only way to improve the town is by the means that may be derived [illegible]

The Municipal Board of Kanjarpud has at its meeting held on the 26th April 1902, resolved to move the Government to sanction the levy of tolls on the carts entering the Municipal limits at the same rates as those sanctioned for Davangere Municipality. (vide Government order No. 13278-79/1740-41 dated 12th February 1902). The proposal deserves consideration and may be sanctioned tentatively for a year.

2. It is necessary that the collection must at the beginning be made departmentally. The octroi duty is at present collected by a departmental agency, consisting of a manager on Rs 7 and a peon on Rs 6. If the list of octroi tolls be sanctioned, the agency may be

be amalgamated with the one required for toll collection. Three bars as noted in the margin may be established, with a mangar and a peon on the same pay as at present at each station. Thus the net increase of expenditure will be Rs 5½.

Local Funds Branch,
Dated 27th January 1903,

To

H. V. Nanjundiah. Esquire, M.A, M.L,
Secretary to
the Government of Mysore, in
the Revenue and general departments,

Sir,

With reference to your docket No. 6973 / C. 739-1902 of the 7th November 1902 calling for further information regarding the establishment of Toll-gate within the Municipal limits of the Nanjangud town, I have the honor to state that the information furnished in this office letter of No. 339 of 21st October 1902 regarding the present establishment for the Octroi collections is incorrect. There is a Mutsadi on Rs 8/- and two peons on Rs 5/- each per mensum, as sanctioned in the Municipal Budget. The establishment already proposed for the collection of tolls namely three Mutsadies on Rs 7/- each, and three peons on Rs 6/- each is in addition to the present establishment for the Octroi collections. The excess cost thus comes to Rs 468/- and the expected annual realizations by the levy of tolls is estimated by the Vice President at Rs 1000/- per annum.

I have the honor to be,
Sir
Your most obedient servant,
[signature]
President
